Liha Ambassadors
The Philippines

Dear Friends,

It was a genuine pleasure to meet you in Yokohama on occasion of the World Table Tennis Championships.

I am sorry that my duties at the ITTF Museum exhibition left me with little free time, as I would have enjoyed further discussions with you about the Liha style of Table Tennis as practiced in the Philippines.

On behalf of the Museum, I send you my heartfelt thanks for your kind donation of the splendid liha racket, a beautiful work of art with the intricate shell inlay. This fine quality racket will make a very interesting exhibit here at the ITTF Museum, and I shall also include it in future exhibitions at the World Championships. Next stop, Moscow 2010.

I must say that your passion for preserving and promoting the liha style of Table Tennis, and your superb craftsmanship in producing such extraordinary liha rackets, fully qualify you as true Ambassadors of our sport.

From Switzerland I send congratulations to you both. Keep up the great work you are doing!

Kind regards,

A handwritten signature in black ink, appearing to read 'Chuck Hoey', with a long, sweeping underline.
